

Honoring the traditions of straight-ahead jazz-piano giants Steve Myerson and his Trio celebrate his coming LP release *Ready or Not* recorded live on stage at Birdland New York. *Ready or Not*, Myerson's second album release, comes on the heels of his 2009 piano-trio release *In Your Absence*.

In demand around the globe, Myerson's recent and/or current projects include a nearly decade-long residence touring with legendary Philadelphia-soul band The Stylistics, a nationwide cable-TV commercial featuring Aretha Franklin, and a professorship with William Patterson University with a specialization in jazz piano.

Myerson translates his world travels and lifelong studies into a poignant, lush feel-good vibe for fans of jazz and the mighty piano, his compositions an of-the-moment snapshot of today's historically-grounded piano trio.
